MAZDA.CO.ZA

M A D E W I T H S O U L

From perfecting the rotary engine and winning the Le Mans race the first time we entered it, to breaking the world record for the most-sold two-seater convertible in history, we are driven forward by the desire to defy convention. We believe that if you can imagine it, we can make it happen.

This desire is the fuel behind everything we create and achieve and now, it has given us **SKYACTIV TECHNOLOGY**, '**KODO – Soul of Motion**' design and countless other successes that were once considered impossible feats. These pages show how striving to do what others cannot is not only rewarding but also integral to creating innovative, beautiful cars.

MAZDA CX-5

THE SPIRIT IN MOTION

The refined Mazda CX-5 is more than the harmony of quality design, elegant finishes and unmatched performance. It's a car that sparks a harmony of emotions. Joy. Exhilaration. The sense that all is right with the world and you're exactly where you're meant to be. This is Mazda's signature "KODO – Soul of Motion" brought to life every time your fingertips brush the steering wheel. Of course, you'll still enjoy the elegantly designed alloy wheels, the sophisticated front grille, LED headlamps and rear combination lamps. You'll still grace the roads with an aesthetic that is as considered as it is beautiful. You'll just experience an unmistakable connection with your soul as you do.

CONNECTING FEELING WITH FUNCTION

The challenger spirit is always present at Mazda, this is how the ground-breaking and the technologically unconventional SKYACTIV Technology was born. The Mazda CX-5 boasts solid performance and efficiency thanks to the SKYACTIV-Vehicle Architecture that Mazda is famous for.

SKYACTIV Technology is the driving force behind Mazda's commitment to delivering an unparalleled level of comfort on the road. From the efficient use of fuel to the smooth transmission of power, from a dynamically tuned chassis to a serene cabin environment, SKYACTIV Technology ensures that every aspect of your driving experience is designed to make you feel at ease, allowing you to truly enjoy the journey in comfort.

The Mazda CX-5 has SKYACTIV-VEHICLE DYNAMICS, a series of technologies that integrates control of the engine, transmission, chassis and body to enhance the sense of oneness between car and driver, which is referred to as Jinba Ittai. All of this adds up to an exceptional drive that feels like it's been crafted just for you.

SKYACTIV-G 2.0L &

The SKYACTIV-G engines deliver impressive fuel economy along with powerful torque at low to mid-range speeds. This combines with linear acceleration response and an exhilaratingly powerful feel, allowing you to enjoy a quality drive in all situations. The 2.0L delivers 121 kW of power and 213 Nm of torque, using from only 6.8L of fuel for every 100 km.

SKYACTIV-DRIVE AUTOMATIC TRANSMISSION

The 6-speed automatic transmission combines the best attributes of conventional automatic, continuously variable and dual-clutch transmissions while a new gearshift control predicts operating intentions.

CHASSIS

Every component has been designed to create an unrivalled sense of oneness between car and driver. The steering wheel's system structure has been optimised to achieve both excellent vibration insulation and high rigidity. The suspension has been revised, millimetre by millimetre, to achieve a gentler and higher-quality ride. This improved suspension means the braking system has also evolved to achieve shorter braking distances with outstanding performance.

SAFETY FEATURES

SAFETY THAT'S READY FOR THE UNEXPECTED

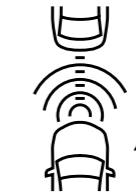

A priority of the Mazda CX-5 is to maximise the safety of every passenger on board. Built with a rigid body frame, every model is equipped with 6 SRS airbags, Dynamic Stability Control (DSC), Emergency Brake Assist (EBA), as well as Electronic Brake-force Distribution (EBD) to ensure your safety.

LANE DEPARTURE WARNING (LDW) AND LANE KEEP ASSIST (LKA)

The Lane Departure Warning system (LDW) detects line markings on the road surface and warns the driver of unintentional lane departures. This system is particularly effective in situations where the road is continuously straight and drivers have a tendency to not pay sufficient attention to the road. The Lane Keep Assist (LKA) promotes safer driving by providing appropriate steering assistance. The system works to prevent unintentional lane departures through steering assistance, to return the car towards the centre of the lane.

Standard on Carbon Edition.

SMART CITY BRAKE SUPPORT (SCBS) - FRONT & REAR

The Smart City Brake Support system (SCBS) is a safety feature that helps prevent or lessen low-speed impacts. The system monitors the vehicle in front to assess the possibility of a collision at forward speeds of 4 - 80 km/h. In an event that the system detects a high-risk impact, it then issues visual and audible warnings and primes the brakes for a faster response should the driver brake.

Standard on Carbon Edition.

DRIVER ATTENTION ALERT (DAA)

Driver Attention Alert (DAA) is designed to reduce accidents caused by inattentiveness due to driver fatigue. The system is activated at speeds above 65 km/h and begins to 'learn' the driver's habits, watching inputs and the vehicle's movements in the early stages before fatigue is a factor. Later, if the system detects changes in vehicle behaviour that suggests the driver may be losing concentration, it will suggest a rest stop by sounding a chime and displaying a warning in the Head-Up Display (HUD).

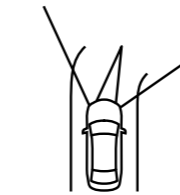

Standard on Carbon Edition.

BLIND SPOT MONITORING (BSM)

The Blind Spot Monitoring (BSM) uses radars mounted in the rear bumper to detect vehicles approaching from behind and in the adjacent lane audible alert in the event that a vehicle is detected in your vehicle's blind spot and assists the driver by scanning the external mirrors' blind spot. The radar is able to detect any unseen vehicles and through an LED icon, alert the driver to help avoid making hazardous lane changes.

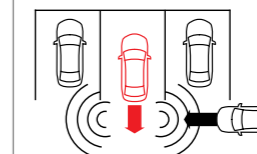

Standard on Carbon Edition.

ADAPTIVE LED HEADLAMPS (ALH)

Individual control of several LEDs allows precise adjustment of the lighting pattern. The system automatically broadens visibility at low speeds, shapes the high beam to help avoid dazzling other drivers and raises beam height at highway speeds to extend vision area.

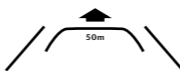

Standard on Carbon Edition.

REAR CROSS TRAFFIC ALERT (RCTA)

Have you ever had to hit the brakes suddenly when backing out of a parking space because you didn't see a vehicle coming from the side? Rear Cross Traffic Alert (RCTA) is designed to help you make sure it's safe to start backing up. The system uses the same radars and indicators as BSM to watch for vehicles coming from both sides and alert the driver when they come near.

Standard on Carbon Edition.

HEAD-UP DISPLAY (HUD) - WINDSHIELD

Mazda's Head-Up Display (HUD) shows important driving information like current speed, next turn directions from the integrated navigation and safety alerts. It is positioned directly in front of the driver, which means it feeds you all the information without you needing to take your eyes off the road. You can adjust the height at the display to match your eyeline.

Standard on Carbon Edition.

CONVENIENT TECHNOLOGY

The Mazda CX-5 represents the latest in connectivity and infotainment. USB ports are situated in the front and rear of the cabin to accommodate all of your devices. Up front, MZD Connect allows you to safely access your compatible smartphone's contacts, social media and music. Standard on all models. Integrated navigation* guides you from a large, 10.25" touchscreen controlled by a commander dial. The exceptional 10-speaker BOSE® Sound system* is integrated seamlessly throughout the interior. Listen to music, radio and podcasts from a wide range of sources, including Pandora®, Stitcher™ and Aha™. *Standard on Carbon Edition.

THE CONNECTED SUV

Comfort, technology and spaciousness meet quality finishes everywhere you turn. With wireless phone charging and wireless AppleCarplay, the elegantly crafted cabin surrounds the driver with carefully positioned controls. The full-colour Head-Up Display (HUD)* means crucial driving information is right there in the driver's line of sight. From the higher, more angled centre console to the redesigned instrument panel, as well as the use of space and storage across front and rear rows, the Mazda CX-5 is a triumph of design. Even the semi-reflective 7-meter display enhances your sense of confidence and safety with real-time information, including speed, turn-by-turn navigation instructions and alerts.

MAZDA CX-5 2.0L CARBON FWD (AUTO)

2.0L CARBON EDITION FWD FEATURES ADDITIONAL TO 2.0L DYNAMIC FWD INCLUDE:

- Handsfree liftgate
- Daytime Running Lamps (DRL)
- Pedestrian Brake
- Adaptive LED Headlamps (ALH)
- Driver seat adjustment: 8-Way Power adjustable
- Passenger seat adjustment: 6-way power adjustable
- Memory seat: x2 Mode Setting (Driver)
- Rear seat armrest with 2 cupholders
- Type-C USB Connectivity & Rear seat armrest: x2 USB charging ports
- Console lid & Knee pads: soft
- Head-Up Display (HUD): Windshield Display
- 7-inch meter display
- MultiDot display
- BOSE® Sound system with 10 speakers
- Integrated Navigation
- Parking sensors: Front & Rear
- Blind Spot Monitoring (BSM)
- Rear Cross Traffic Alert (RCTA)
- Lane Departure Warning (LDW)
- Lane Keep Assist (LKA)
- Smart City Brake Support (SCBS): Front & Rear
- Driver Attention Alert (DAA)
- 19" Alloy Wheels - Black Metallic
- Larger Tail Pipe
- Rear combination lamps
- Carbon Edition Package
 - Leatherette seat trim: Leather & Suede combination
 - Red stitching: Steering Wheel, Gear Lever, Knee Pads, Front center console & Seats
 - Black film: Dashboard & Door panels
 - Glossy black outer mirrors

MAZDA CX-5 2.0L ACTIVE FWD (AUTO)

2.0L ACTIVE AUTO FEATURES INCLUDE:

- Keyless Entry
- LED Headlamps
- Auto Headlamps Levelling
- Heated outer mirrors
- Privacy glass: Dark (Rear side & Back)
- Front rain-sensing wipers
- Multi-function steering wheel with controls
- Cruise Control
- Air-conditioning: Dual-zone climate control
- Rear air vents
- Trip Computer
- Auto-dimming rear view mirror
- Rear seat fold down (40:20:40)
- Rear seat armrest: x2 USB charging ports
- Overhead sunglass storage box
- Rear tonneau cover (boot)
- MZD Connect System
- 10.25 -Inch Display Screen
- Commander Dial
- Android Auto™ & Wireless Apple CarPlay®
- USB connectivity Type-C
- Bluetooth® hands free system
- 6 Speakers
- Hill Hold Assist (HHA)
- Child restraint anchor points (ISOFIX)
- Airbags SRS: Driver, Passenger, Side & Curtain
- Electronic Parking Brake (EPB)
- Reverse Camera
- Seat trim: Black Cloth
- Vanity mirror (front) with illumination
- Auto door lock
- Power fold outer mirrors
- Burglar Alarm System
- Tilt and telescopic adjustable steering wheel
- Leather-wrapped steering wheel & gear shift knob
- Front centre console with cupholders
- Rear spoiler with high mounted stop lamp
- 2-Piece luggage floor board
- 17" Alloy Wheels - Silver Metallic
- Electronic Brake Force Distribution (EBD)
- Engine immobiliser
- Power windows: One touch system (Front & Rear)
- Emergency Brake Assist (EBA)
- Rear wiper with intermittent function
- Boot rear seat fold-down lever
- Push start ignition
- Headlamps Auto on and off
- Dynamic Stability Control (DSC)
- Interior LED Lamps
- Anti-locking Braking System (ABS)
- Seat-belt occupant sensing (Driver & Passenger)

3-YEAR MAZDA UNLIMITED KILOMETRE WARRANTY

Every Mazda is designed and built to the highest standards of performance and reliability. For reassurance, our Mazda vehicles are backed up by a 3-year Unlimited Kilometre Factory Warranty.

3-YEAR MAZDACARE ROADSIDE ASSISTANCE

Mazda cares about your peace of mind. That's why we offer a 3-year Unlimited Roadside Assistance Plan. It includes toll-free calls and services such as emergency medical help and free towing rescue due to minor or major mishaps.

3-YEAR MAZDACARE UNLIMITED KILOMETRE SERVICE PLAN

MazdaCare has designed a service plan to suit your needs. It covers scheduled services for 3 years, regardless of your mileage. The service plan operates alongside the Mazda Unlimited Kilometre Warranty.

Service Inspection Symbols

I - Inspect
R - Replace
C - Clean
S - Set
T - Tighten

Remarks

*(1) - Implement fuel injection amount correction.

*(2) - Also inspect all auxiliary belts, if installed. If the vehicle is operated primarily under the following conditions, inspect the drive belts and auxiliary belts more often than recommended (Servicing Dealer to advise customer accordingly).
a) Driving in dusty conditions or in a mining area.
b) Extended periods of idling continuous low-speed operation.
c) Short distance driving.
d) Operating the vehicle in extreme cold or hot conditions for long periods.
e) Driving the vehicle in mountainous conditions for long periods.

*(3) - Use only manufacturer-specified coolant.

*(4) - If the vehicle is operated in dusty or sandy areas, the filters must be inspected, cleaned or replaced more regularly (Servicing Dealer to advise customer accordingly).

*(5) - If operating the vehicle in extreme cold or heat, inspect electrolyte and specific gravity more regularly (Servicing Dealer to advise customer accordingly).

*(6) - Replace the brake fluid more regularly if the vehicle is continuously loaded, driven in mountainous conditions, exposed to hard driving conditions or operated in humid conditions.

*(7) - If the vehicle is subjected to the following conditions, the differential oil need to be replaced at 60 000 km.
a) Towing.
b) Driving in dusty conditions or in a mining area.
c) Short distance driving.
d) Operating the vehicle loaded continuously.
e) Driving the vehicle in mountainous conditions for long periods.

*(8) - Replace if the component or vehicle was submerged.

*(9) - Perform wheel alignment more regularly if the vehicle is used on rougher road surfaces, driven off-road or on dirt roads (Servicing Dealer to advise customer accordingly).

MAZDA CX-5 2.0L SERVICE AND PRICING GUIDE

The total service price is the base scheduled maintenance, plus any additional scheduled maintenance items that are required. Base scheduled maintenance is due every 15,000 km but no longer than 12 months, whichever comes first.

Disclaimer:

1. Prices are subject to change without prior notice.
2. The suggested price in no way dictates what is charged at each individual Mazda Dealer and should, therefore, be treated as a guideline only. Consumables include the below; however, not all consumables are included on every service.

LUBRICANTS & CONSUMABLES					
1. Engine Oil	2. Rear Differential Oil	3. Front Differential Oil			
4. Mazda Deposit Cleaner	5. Brake Fluid	6. Anti-freeze
